***Bringing together a wide variety of material in many different languages that exists from the substantial body of work left by this large empire, The Persian Empire presents annotated translations, together with introductions to the problems of using it in order to gain an understanding of the history and working of this remarkable political entity. The Achaemenid empire developed in the region of modern Fars (Islam) and expanded to unite territories stretching from the Segean and Egypt in the west to Central Asia and north-west India, which it ruled for over 200 years until its conquest by Alexander of Macedon. Although all these regions had long since been in contact with each other, they had never been linked under a single regime. The Persian empire represents an important phase of transformation for its subjects, such as the Jews, as well as those living on its edges, such as the European Greeks. Excerpt from Selections From The First Five Books Of Livy's Roman History: With The Twenty-First And Twenty-Second Books Entire; With Explanatory Notes, a Plan Of Rome, And a Map Of The Passage Of Hannibal In the Clerk's Office of the District Court of the United States for the Southern District of New York. **European Baroque art converged at one remarkable place in time: Rome, 1630. In response to the Protestant Reformation, the Catholic Church turned to these masters of Baroque art to craft works celebrating the glories of the heavens manifested on earth. And so, with glittering monuments like Bernini's imposing bronze columns in St. Peter's Basilica, Rome, 1630 came to be the crossroads of seventeenth-century art, religion, and power. In Rome, 1630, the renowned French poet and critic Yves Bonnefoy devotes his attention to this single year in the Baroque period in European art. Richly illustrated with artwork that reveals the unique, yet instructive, place of Rome in 1630 in European art history, Bonnefoy dives deep into this transformative movement. The inclusion of five additional essays on seventeenth-century art situate Bonnefoy's analysis within a lively debate on Baroque art and art history. Translator Hoyt Rogers's afterword pays homage to the author himself, situating Rome, 1630 in Bonnefoy's productive career as a premier French poet and critic. What made the Romans laugh? Was ancient Rome a carnival, filled with practical jokes and hearty chuckles? Or was it a carefully regulated culture in which the uncontrollable excess of laughter was a force to fear—a world of wit, irony, and knowing smiles? How did Romans make sense of laughter? What role did it play in the world of the law courts, the imperial palace, or the spectacles of the arena? Laughter in Ancient Rome explores one of the most intriguing, but also trickiest, of historical subjects. Drawing on a wide range of Roman writing—from essays on rhetoric to a surviving Roman joke book—Mary Beard tracks down the giggles, smirks, and guffaws of the ancient Romans themselves. From ancient “monkey business” to the role of a chuckle in a culture of tyranny, she explores Roman humor from the hilarious, to the momentous, to the surprising. But she also reflects on even bigger historical questions. What kind of history of laughter can we possibly tell? Can we ever really “get” the Romans’ jokes? “Terrific . . . exactly the sort of collection we have long needed: one offering a wide range of texts, both literary and documentary, and that—with the inclusion of Sulpicia and Perpetua—allows students to hear the voices of actual women from the ancient world. The translations themselves are fluid; the inclusion of long extracts allows students to sink their teeth into material in ways not possible with traditional source books. The anonymous texts, inscriptions, and other non-literary material topically arranged in the 'Documentary' section will enable students to see how the documentary evidence supplements or undermines the views advanced in the literary texts. This is a book that should be of great use to anyone teaching a survey of the history of Ancient Rome or a Roman Civilization course. I look forward to teaching with this book which is, I think, the best source book I have seen for the way we teach these days.” --David Potter, University of Michigan**

**The classic odyssey through Caesar's Empire. Perfect for fans of Wallace Breem's Eagle in the Snow Camul and Acco are young Gauls, content to accept Roman occupation for the benefits it brings. Until Acco brings on himself the curse of the Goddess, and the two are forced to escape her by joining the Roman Army. Julius Caesar's campaigns carry them from the Rhine to Rome, Greece and finally the steppes of Russia. Along the way they face many trials, and feel the full might of the Roman war machine. But distance means little to a Goddess, and Camul must**

**make a terrible pact to survive... The classic of Roman fiction, *Winter Quarters* is an extraordinary and vivid journey through Roman legions. Perfect for fans of Wallace Breem's *Eagle in the Snow*, Simon Scarrow and Ben Kane. 'Winter Quarters covers a remarkable amount of ground, and covers it convincingly... Mr Duggan throws the strengths and weaknesses of the era into sharp relief... damnably skillful' *The Sunday Times* 'Winter Quarters... is among the finest, I think, that he has yet produced... It is an exciting story, admirably told. The closing battle-scene is particularly well done.' *Daily Mail* 'Mr Duggan is one of the best historical novelists going now. He writes economically and is always to the point... We are given a vivid picture of life in Rome and the Near East... there are some splendid battles.' *News Chronicle* 'The chief triumph of this remarkable book is its presentation of paganism.' John Betjeman, *Daily Telegraph* 'Contains just the right blend of information and imagination, with a vivid background and a just appreciation of the human element underlying historical figures. The strength and weaknesses of the Romans are put into excellent perspective.' *Irish Times* 'Few novelists can touch Alfred Duggan when it comes to recreating remote corners of historical time and place' *Guardian***

**In this decadent, deeply evocative novel, a young artist travels to Rome to heal a broken heart, where she confronts loneliness and intimacy, rage and desire: "Sensorial as hell . . . A stunningly cool and stylish debut" (Paul Beatty, Man Booker Prize-winning author of *The Sellout*). Emilia arrives in Rome reeling from heartbreak and reckoning with her past. What was supposed to be a romantic trip has, with the sudden end of a relationship, become a solitary one instead. As she wanders, music, art, food, and the beauty of Rome's wide piazzas and narrow streets color Emilia's dreamy, but weighty experience of the city. She considers the many facets of her life, drifting in and out of memory, following her train of thought wherever it leads. While climbing a hill near Trastevere, she meets John, an American expat living a seemingly idyllic life. They are soon navigating an intriguing connection, one that brings pain they both hold into the light. As their intimacy deepens, Emilia starts to see herself anew, both as a woman and as an artist. For the first time in her life, she confronts the ways in which she's been letting her father's success as a musician overshadow her own. Forced to reckon with both her origins and the choices she's made, Emilia finds herself on a singular journey—and transformed in ways she never expected. Equal parts visceral and cerebral, *Six Days in Rome* is an ode to the Eternal City, a celebration of art and creativity, and a meditation on self-discovery. Includes a Reading Group Guide. This selection of lapidary nuggets drawn from thirty-three of antiquity's major authors includes poetry, dialogue, philosophical writing, history, descriptive reporting, satire, and fiction--giving a glimpse at the wide range of arts and sciences, thought and styles, of Greco-Roman culture. The selections span twelve centuries, from Homer to Saint Jerome. The texts and translations are reproduced as they appear in Loeb volumes. The Loeb Classical Library is the only existing series of books which, through original text and facing English translation, gives access to all that is important in Greek and Latin literature. The Loeb Classical Library Reader offers a unique sampling of this treasure trove. In these pages you will find, for example: Odysseus tricking the Cyclops in order to escape from the giant's cave; Zeus**

**creating the first woman, Pandora, cause of mortals' hardships ever after; the Athenian general Nicias dissuading his countrymen from invading Sicily; Socrates, condemned to die, saying farewell; a description of Herod's fortified palace at Masada; Cicero's thoughts on what we owe our fellow men; Livy's description of the rape of the Sabine women; Manilius on the signs of the zodiac; Pliny's observation of the eruption of Vesuvius in 79 A.D. . Here you can enjoy looking in on people, real and imaginary, who figure prominently in ancient history, and on notable events. Here, too, you can relish classical poetry and comedy, and get a taste of the ideas characteristic of the splendid culture to which we are heir. "The History of Rome (Volumes 1-5)" by Theodor Mommsen (translated by William P. Dickson). Published by Good Press. Good Press publishes a wide range of titles that encompasses every genre. From well-known classics & literary fiction and non-fiction to forgotten—or yet undiscovered gems—of world literature, we issue the books that need to be read. Each Good Press edition has been meticulously edited and formatted to boost readability for all e-readers and devices. Our goal is to produce eBooks that are user-friendly and accessible to everyone in a high-quality digital format. The creator of the award-winning podcast series *The History of Rome and Revolutions* brings to life the bloody battles, political machinations, and human drama that set the stage for the fall of the Roman Republic. The Roman Republic was one of the most remarkable achievements in the history of civilization. Beginning as a small city-state in central Italy, Rome gradually expanded into a wider world filled with petty tyrants, barbarian chieftains, and despotic kings. Through the centuries, Rome's model of cooperative and participatory government remained remarkably durable and unmatched in the history of the ancient world. In 146 BC, Rome finally emerged as the strongest power in the Mediterranean. But the very success of the Republic proved to be its undoing. The republican system was unable to cope with the vast empire Rome now ruled: rising economic inequality disrupted traditional ways of life, endemic social and ethnic prejudice led to clashes over citizenship and voting rights, and rampant corruption and ruthless ambition sparked violent political clashes that cracked the once indestructible foundations of the Republic. *Chronicling the years 146-78 BC, The Storm Before the Storm* dives headlong into the first generation to face this treacherous new political environment. Abandoning the ancient principles of their forbearers, men like Marius, Sulla, and the Gracchi brothers set dangerous new precedents that would start the Republic on the road to destruction and provide a stark warning about what can happen to a civilization that has lost its way. With stylistic brilliance and historical imagination, the first five books of Livy's monumental history of Rome record events from the foundation of Rome through the history of the seven kings, the establishment of the Republic and its internal struggles, up to Rome's recovery after the fierce Gallic invasion of the fourth century B.C. Livy vividly depicts the great characters, legends, and tales, including the story of Romulus and Remus. Reprinting Robert Ogilvie's lucid 1971 introduction, this highly regarded edition now boasts a new preface, examining the text in light of recent Livy scholarship, informative maps, bibliography, and an index. For more than seventy years, Penguin has been the leading publisher of classic literature in the English-**

speaking world. With more than 1,700 titles, Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines. Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors, as well as up-to-date translations by award-winning translators. When Rachel Roddy visited Rome in 2005 she never intended to stay. But then she happened upon the neighborhood of Testaccio, the wedge-shaped quarter of Rome that centers around the old slaughterhouse and the bustling food market, and fell instantly in love. Thus began an Italian adventure that has turned into a brand new life. My Kitchen in Rome charts a year in Rachel's small Italian kitchen, shopping, cooking, eating, and writing, capturing a uniquely domestic picture of life in this vibrant, charismatic city. Weaving together stories, memories, and recipes for thick bean soups, fresh pastas, braised vegetables, and slow-cooked meats, My Kitchen in Rome captures the spirit of Rachel's beloved blog, Rachel Eats, and offers readers the chance to cook "cucina romana" without leaving the comfort of home. A radical reexamination of the most extraordinary of ancient ceremonies, this book explores the magnificence of the Roman Triumph--but also its darker side, as it prompted the Romans to question as well as celebrate military glory. This richly illustrated work is a testament to the profound importance of the triumph in Roman culture--and for monarchs and generals ever since. , Martin M. Winkler, and Maria Wyke--Peter Bondanella, Indiana University "Classical Outlook" Most of Livy's life was devoted to writing his monumental "History of Rome" in 142 books. This contains the first 5 books and proceeds from the foundation of Rome through the history of the seven kings, the establishment of the Republic and its internal struggles, up to Rome's recovery after the fierce Gallic invasion of the fourth century BC. Author and historian Tom Holland returns to his roots in Roman history and the audience he cultivated with Rubicon—his masterful, witty, brilliantly researched popular history of the fall of the Roman republic—with Dynasty, a luridly fascinating history of the reign of the first five Roman emperors. Dynasty continues Rubicon's story, opening where that book ended: with the murder of Julius Caesar. This is the period of the first and perhaps greatest Roman Emperors and it's a colorful story of rule and ruination, running from the rise of Augustus through to the death of Nero. Holland's expansive history also has distinct shades of I Claudius, with five wonderfully vivid (and in three cases, thoroughly depraved) Emperors—Augustus, Tiberius, Caligula, Claudius, and Nero—featured, along with numerous fascinating secondary characters. Intrigue, murder, naked ambition and treachery, greed, gluttony, lust, incest, pageantry, decadence—the tale of these five Caesars continues to cast a mesmerizing spell across the millennia. Excerpt from Livy's History of Rome, Vol. 2: The First Five Books How siccus, be nobill capitane, was slane be tressoun of bir ten men; how Virginea dochter of virgineus was clamyt of seruitude be m. Claudius, And how scho was defendit be hir Vncle spous to be cuming of virgineus hir fader. Ca. Xv.1. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. "Mr. Grant is able to retain the scholastic edge along with the accuracy of the translation while preserving a sense of the author's style." -Fr. Chad Ripperger, PhD For the first time in history, St. Robert Bellarmine's work, De Romano Pontifice, On the Roman Pontiff, has been translated and made available in English! In this Theological treatise St. Robert Bellarmine takes on Protestant as well as Greek Orthodox objections to the Papacy in five books. In the first, he argues that Christ established the Primacy of Peter by means of an Ecclesiastical Monarchy, which takes up subjects as diverse as: What is the best form of government? Why it is fitting that the Church's government should be a monarchy; Exegetical Commentary on the Lord's words in Matthew 16 and John 21, along with copious Patristic testimony. In Book 2 is whether Peter has successors in the Ecclesiastical Monarchy, wherein Bellarmine defends the Church's position on the true history of Peter; that Peter truly went to Rome; that Peter was truly a Bishop there; that upon his death he was succeeded by men in the Ecclesiastical monarchy, as well as its proof from the Fathers, then through all the refutations, Bellarmine asks what would happen if the Pope were a heretic. In book 3, Bellarmine shows the many contradictions and faulty reasoning used by the first Protestants in arguing that the Pope is Antichrist while also giving exposition to the authentic understanding of the passages of Scripture that speak of Antichrist. After presenting the testimony of Scripture and the Fathers on the signs that must precede Antichrist, Bellarmine shows how none of this agrees with the Roman Pontiff. He also refutes the fable of "Pope Joan." In book 4, Bellarmine argues why the Pope is infallible when he defines a doctrine on faith and morals and proceeds to defend Popes whom Protestants and others argued had erred while defining faith. He continues to a discussion of law, and why it is not contrary to the Gospel for the Pope (or a Bishop over his diocese), to make laws that bind the faithful, refuting the teaching of John Calvin. In book 5, Bellarmine takes up the question of the Popes' power in civil affairs. Protestants had argued that the Pope tyrannously usurped the rights of sovereigns and that they meant to rule the world directly in civil affairs, while some canonists overly attached to a more medieval view were of a similar persuasion on the positive side. He then proceeds to demonstrate that the Pope's temporal power is indirect and that he can intervene for the sake of the faith when excommunicating sovereigns, but not for political reasons. The protestants argued that a Bishop could not be a temporal prince and Bishop at the same time, which Bellarmine soundly refutes from Scripture and Tradition. This first ever English translation also has many historical notes on terms, persons, Greek and Latin syntax and other things to aid the reader. The value of the work is not merely apologetic-Bellarmino's treatise also laid down insights into Catholic teaching that were foundational not only for later Theologians but even for Vatican I. This book is a volume in the Penn Press Anniversary Collection. To mark its 125th anniversary in 2015, the University of Pennsylvania Press***

**rereleased more than 1,100 titles from Penn Press's distinguished backlist from 1899-1999 that had fallen out of print. Spanning an entire century, the Anniversary Collection offers peer-reviewed scholarship in a wide range of subject areas. Walk a day in a Roman's sandals. What was it like to live in one of the ancient world's most powerful and bustling cities - one that was eight times more densely populated than modern day New York? In this entertaining and enlightening guide, bestselling historian Philip Matyszak introduces us to the people who lived and worked there. In each hour of the day we meet a new character - from emperor to slave girl, gladiator to astrologer, medicine woman to water-clock maker - and discover the fascinating details of their daily lives. This eBook has been formatted to the highest digital standards and adjusted for readability on all devices. The History of Rome (Books from the Foundation of the City) is a monumental history of ancient Rome, written between 27 and 9 BC by the historian Titus Livius. The work covers the period from the legends concerning the arrival of Aeneas and the refugees from the fall of Troy, to the city's founding in 753, the expulsion of the Kings in 509, and down to Livy's own time, during the reign of the emperor Augustus. Volume one comprises the first eight books, covering the legendary founding of Rome (including the landing of Aeneas in Italy and the founding of the city by Romulus), the period of the kings, the early republic down to its conquest by the Gauls in 390 BC, and the roman wars with the Aequi, Volsci, Etruscans, and Samnites. "Plutarch regularly shows that great leaders transcend their own purely material interests and petty, personal vanities. Noble ideals actually do matter, in government as in life." —Michael Dirda, Washington Post Pompey, Caesar, Cicero, Brutus, Antony: the names still resonate across thousands of years. Major figures in the civil wars that brutally ended the Roman republic, their lives pose a question that haunts us still: how to safeguard a republic from the flaws of its leaders. This reader's edition of Plutarch delivers a fresh translation of notable clarity, explanatory notes, and ample historical context in the Preface and Introduction. With extraordinary narrative power, New York Times bestselling author Colleen McCullough sweeps the reader into a whirlpool of pageantry and passion, bringing to vivid life the most glorious epoch in human history. When the world cowered before the legions of Rome, two extraordinary men dreamed of personal glory: the military genius and wealthy rural "upstart" Marius, and Sulla, penniless and debauched but of aristocratic birth. Men of exceptional vision, courage, cunning, and ruthless ambition, separately they faced the insurmountable opposition of powerful, vindictive foes. Yet allied they could answer the treachery of rivals, lovers, enemy generals, and senatorial vipers with intricate and merciless machinations of their own—to achieve in the end a bloody and splendid foretold destiny . . . and win the most coveted honor the Republic could bestow. A new account of one of Rome's most relentless but least understood foes. Claiming Alexander the Great and Darius of Persia as ancestors, Mithradates inherited a wealthy Black Sea kingdom at age fourteen after his mother poisoned his father. He fled into exile and returned in triumph to become a ruler of superb intelligence and fierce ambition. Hailed as a savior by his followers and feared as a second Hannibal by his enemies, he envisioned a grand Eastern empire to rival Rome.**

**After massacring eighty thousand Roman citizens in 88 BC, he seized Greece and modern-day Turkey. Fighting some of the most spectacular battles in ancient history, he dragged Rome into a long round of wars and threatened to invade Italy itself. His uncanny ability to elude capture and surge back after devastating losses unnerved the Romans, while his mastery of poisons allowed him to foil assassination attempts and eliminate rivals.--From publisher description.**

**Documents the award-winning writer's experiences of living, working, and raising twin sons in Rome during the year following his receipt of a prestigious Rome Prize stipend, a period during which he attended the vigil of the dying John Paul II, brought his children on a snowy visit to the Pantheon, and befriended numerous locals. Reprint. 35,000 first printing. Volume two reveals the extraordinary diversity of ancient Roman religion. A comprehensive sourcebook, it presents a wide range of documents illustrating religious life in the Roman world - from the foundations of the city in the eighth century BC to the Christian capital more than a thousand years later. Each document is given a full introduction, explanatory notes and bibliography, and acts as a starting point for further discussion. Through paintings, sculptures, coins and inscriptions, as well as literary texts in translation, the book explores the major themes and problems of Roman religion, such as sacrifice, the religious calendar, divination, ritual, and priesthood. Starting from the archaeological traces of the earliest cults of the city, it finishes with a series of texts in which Roman authors themselves reflect on the nature of their own religion, its history, even its funny side. Judaism and Christianity are given full coverage, as important elements in the religious world of the Roman empire. This volume seeks to reassess ancient Greek and Roman society and its economy in examining skilled labour and professionalism. Presents a tourist's guide to the city of Rome as it was around 200 CE. From the bestselling author of *Fatherland* and *Pompeii*, comes the first novel of a trilogy about the struggle for power in ancient Rome. In his "most accomplished work to date" (*Los Angeles Times*), master of historical fiction Robert Harris lures readers back in time to the compelling life of Roman Senator Marcus Cicero. The re-creation of a vanished biography written by his household slave and righthand man, Tiro, *Imperium* follows Cicero's extraordinary struggle to attain supreme power in Rome. On a cold November morning, Tiro opens the door to find a terrified, bedraggled stranger begging for help. Once a Sicilian aristocrat, the man was robbed by the corrupt Roman governor, Verres, who is now trying to convict him under false pretenses and sentence him to a violent death. The man claims that only the great senator Marcus Cicero, one of Rome's most ambitious lawyers and spellbinding orators, can bring him justice in a crooked society manipulated by the villainous governor. But for Cicero, it is a chance to prove himself worthy of absolute power. What follows is one of the most gripping courtroom dramas in history, and the beginning of a quest for political glory by a man who fought his way to the top using only his voice—defeating the most daunting figures in Roman history. A revealing history of ancient Rome, told through visually stunning, state-of-the-art infographics. *Ancient Rome: Infographics* tells the story of a great empire through graphic design. This book offers readers a new way to conceptualize ancient Rome from the birth of the empire to the Punic Wars, and**

**from the Roman political system to the role of women, slaves, and public entertainment. Cleverly designed infographics bring alive the complex history and structure of this ancient empire for the general reader while still satisfying demands for the rigorous approach of a historian. Drawing on the best international sources, this volume charts ancient Rome's social, political, and cultural histories with breathtaking data visualizations. The result is an extraordinary new approach to Rome's history, and is sure to appeal to those looking for an overview of the period and to history buffs alike. Profiles the lives of nearly sixty rulers of the ancient Roman Republic, including Gaius Marius, Pompey the Great, and Mark Antony, and portrays the events taking place throughout history with timelines, illustrations, artwork, and maps. New York Times Bestseller A New York Times Notable Book Named one of the Best Books of the Year by the Wall Street Journal, the Economist, Foreign Affairs, and Kirkus Reviews Finalist for the National Book Critics Circle Award (Nonfiction) Shortlisted for the Cundill Prize in Historical Literature Finalist for the Los Angeles Times Book Prize (History) A San Francisco Chronicle Holiday Gift Guide Selection A New York Times Book Review Editors' Choice Selection A sweeping, "magisterial" history of the Roman Empire from one of our foremost classicists shows why Rome remains "relevant to people many centuries later" (Atlantic). In SPQR, an instant classic, Mary Beard narrates the history of Rome "with passion and without technical jargon" and demonstrates how "a slightly shabby Iron Age village" rose to become the "undisputed hegemon of the Mediterranean" (Wall Street Journal). Hailed by critics as animating "the grand sweep and the intimate details that bring the distant past vividly to life" (Economist) in a way that makes "your hair stand on end" (Christian Science Monitor) and spanning nearly a thousand years of history, this "highly informative, highly readable" (Dallas Morning News) work examines not just how we think of ancient Rome but challenges the comfortable historical perspectives that have existed for centuries. With its nuanced attention to class, democratic struggles, and the lives of entire groups of people omitted from the historical narrative for centuries, SPQR will to shape our view of Roman history for decades to come. The Roman Revolution is a profound and unconventional treatment of a great theme - the fall of the Republic and the decline of freedom in Rome between 60 BC and AD 14, and the rise to power of the greatest of the Roman Emperors, Augustus. The transformation of state and society, the violent transference of power and property, and the establishment of Augustus' rule are presented in an unconventional narrative, which quotes from ancient evidence, refers seldomly to modern authorities, and states controversial opinions quite openly. The result is a book which is both fresh and compelling. A Companion to the City of Rome presents a series of original essays from top experts that offer an authoritative and up-to-date overview of current research on the development of the city of Rome from its origins until circa AD 600. Offers a unique interdisciplinary, closely focused thematic approach and wide chronological scope making it an indispensable reference work on ancient Rome Includes several new developments on areas of research that are available in English for the first time Newly commissioned essays written by experts in a variety of related fields Original and**

**up-to-date readings pertaining to the city of Rome on a wide variety of topics including Rome's urban landscape, population, economy, civic life, and key events Romulus and Remus, the rape of Lucretia, Horatius at the bridge, the saga of Coriolanus, Cincinnatus called from his farm to save the state -- these and many more are stories which, immortalized by Livy in his history of early Rome, have become part of our cultural heritage. This new annotated translation includes maps and an index and is based on R. M Ogilvie's Oxford Classical text, the best to date. - ;` the fates ordained the founding of this great city and the beginning of the world's mightiest empire, second only to the power of the gods' Romulus and Remus, the rape of Lucretia, Horatius at the bridge, the saga of Coriolanus, Cincinnatus called from his farm to save the state - these and many more are stories which, immortalised by Livy in his history of early Rome, have become part of our cultural heritage. The historian's huge work, written between 20 BC and AD 17, ran to 12 books, beginning with Rome's founding in 753 BC and coming down to Livy's own lifetime (9 BC). Books 1-5 cover the period from Rome's beginnings to her first great foreign conquest, the capture of the Etruscan city of Veii and, a few years later, to her first major defeat, the sack of the city by the Gauls in 390 BC. -**
